MINORITY COPRODUCTION FUND

The purpose of this fund is to support the production of **fiction, documentary and animated feature films** with a minority Catalan share. The objective is to foster creative, professional and artistic exchange between Catalonia and the rest of the world. And to support films of high artistic quality and production value that may reach a national and international audience.

The following aspects are considered in the assessment of applications:

- The quality of the screenplay, along with the specification of the project's creative aspects.
- The proposal of the creative, technical and artistic team in keeping with the type of project, the creative proposal and production design.
- The potential for distribution in Catalonia and Spain and for screening at international festivals.
- Collaboration between the international and Catalan producers.
- The applicant company's track record.
- The economic viability of the project.
- Fostering of gender equality.
